Stadtplanung und Regionalentwicklung

CITIES FOR EVERYONE: Liveable, Healthy, Prosperous Promising Vision or Unrealistic Fantasy?

Cities are places of competition, stress, inequalities, traffic jams, environmental stresses and strains and permanent struggle.

Cities often are an aggressive environment, not only for children, the elderly, the weak or the handicapped.

But even more than that; cities are the centres of economy, culture, creativity, science and innovation and therefore provide the best perspectives and biggest chances for many people: CITIES ARE ATTRACTIVE!

Meanwhile more than 50 percent of the world population live in cities, soon it will be about 70 percent.

REAL CORP 2010 asks for **CITIES FOR EVERYONE** that are **LIVEABLE, HEALTHY and PROSPEROUS**.

Is this a promising vision we should work on or is it an unrealistic fantasy? Is it possible to keep and even improve the advantages of cities and reduce the negative effects? Or does the one require the other?

What are the possibilities and contributions of **URBAN PLANNING** and **REAL ESTATE DEVELOPMENT**? And where can **ICT, URBAN, TRANSPORT and ENVIRONMENTAL TECHNOLOGIES** help to improve quality of life, health, sustainability and prosperity in cities?

Some of the major aspects and questions to be dealt with and on which we invite you for high-quality paper submissions are:

- Examples and Visions of "Liveable Cities for Everyone"
- Keeping Balance: Managing Complex Urban Infrastructures
- Housing and Real Estate perspectives, high tech & low cost housing
- Perspectives for Future Transport and Mobility
- Re-mixing Urban Fabric, Future Housing and Working Environments
- Urban and Environmental Technologies to Improve Quality of Life
- Ambient Assisted Living (AAL) in the Urban Context
- Healthy Cities/Health in Cities
- Safety and Security vs. Lack of Privacy and Total Surveillance
- Data, Information and Knowledge Infrastructures
- Understanding Cities: Tools and Technologies to support Decision Makers, Citizens and Experts in their Understanding of Cities

As REAL CORP 2010 is co-organized with ISOCARP and REAL VIENNA, it is an explicit goal to enhance the experts' dialogue between Real Estate Business, Urban Planning and ICT Industry.

About CORP Conferences

CORP conferences are held annually since 1996 and are Europe's major congresses on Urban Planning, Regional Development and Information Society. The events are extraordinarily interdisciplinary, whereby usually a lot of new ideas and projects are generated. About 400 experts from around the world from the fields of urban planning, transport planning, information and communication technologies, architecture, ecology, real estate, GIS and surveying, multimedia technologies and more meet to discuss current tasks and topics on urban planning, regional development and information society in an international and interdisciplinary conference. Speakers and participants represent private companies as well as research institutions and public administration. REAL CORP 2010 will be co-organized by CEIT ALANOVA (www.ceit.at), CORP association (www.corp.at), ISOCARP, the International Society of City and Regional Planners (www.isocarp.org) and REAL VIENNA (www.realvienna.at). The programme includes expert lectures, round tables and workshops, business presentations and exhibitions as well as extensive social events.

CALL FOR PAPERS Submission Deadlines

REAL CORP 2010 offers a peer-review procedure for scientific papers. Submit your paper using the online forms at www.corp.at. Papers are selected by the programme committee.

Regular fee for whole conference	€ 330.-	€ 420.-
Students (not older than 27)	€ 220.-	€ 270.-
Speakers (max. 2 per presentation)	€ 220.-	€ 270.-
One day participation	€ 250.-	€ 280.-

REGISTRATION

To register for REAL CORP 2010, please visit our website at <http://www.corp.at> and use the online forms for registration. Also submit your abstract and/or paper through our website where you can download a template (.doc) for reviewed and non-reviewed papers as well.

If you wish to pay by VISA or MASTERCARD, register online at www.corp.at and then please send your card number and the date of card expiration via Fax: +43 1 892 85 02-15

LOCATION OF THE CONFERENCE VENUE

The conference venue Reed Messe Wien is located on the northern side of the public green and amusement park called "Prater". It has a direct underground connection (line U2) to the city centre and to the public transport junction Praterstern (underground U1 and U2, commuter trains, trams, buses).

CONFERENCE LANGUAGES

Conference languages are English and German. There will be separate presentation slots in both languages on all three days of the conference.

CORP PROCEEDINGS

The proceedings of REAL CORP 2010 including all reviewed and non-reviewed papers are going to be published on CD-ROM as well as online at our website www.corp.at where you can find **all CORP papers from 1996 until now**. All papers are available free of charge as PDF and there is a search engine which allows you not only to search for author and year, but also provides a full text search.

CD-ROMs from 2004 to 2009 conferences are still available and can be ordered using the contact form on the website or by e-mail to office@corp.at.

Every REAL CORP participant will receive one CD-ROM copy of the 2010 proceedings at the conference venue in Vienna.
